### Engie Benjy

Preschool and up

Step inside the new vibrant and colourful world of *Engie Benjy* the engine doctor and his very special team, Dan the Van and Jollop the dog. Together the trio of engine menders turn the adult/child relationship upside down by helping all sorts of characters from bossy Dottie the Bus Driver, cry baby Pilot Pete to mumbling Farmer Fred and nutty Fisherman Fin. In Engie's world, imbued with a child's logic and imagination, planes creep out to have parties at night, buses get tired and need holidays, woodland trees leap into the sky to play with Space Ship and Farmer Fred's fruity fizz cloud waters the ice-lolly fields every day.

### My Parents Are Aliens

Ages 8 to 12

This hilarious comedy drama features orphan siblings coping with the chaotic care of extraterrestrial foster parents. Every day brings another close encounter of the weird kind, as loveable space cadet couple Brian and Sophie take a crash course on earth culture, consulting their galactic guidebook for advice along the way. The kids fail regularly in their efforts to avoid the fall out, but are determined to keep the secret of their alien parents.

### Fetch the Vet

Preschool and up

*Fetch The Vet* is a unique, original and entertaining model animation series for preschool children. Transmitting on CITV (UK), the series has been created by Cosgrove Hall Films, Europe's most prolific animation studio and home to such classics as *Noddy* and *The Animal Shelf*. Set in the village of Duckhurst, Tom Fetch (or Fetch as he's fondly known) is the local vet and all-round hero. Whether it's in his Duckhurst Animal Clinic or on George Moffat's farm, Fetch cares for sick animals and regularly rescues both his four and two-legged friends from difficult situations.

### Supernormal

Ages 8 to 12

A wacky and hilarious new animation series that proves you don't have to be super to be a hero! *Supernormal* follows four friends at Superhero Junior High – a school for children with extraordinary powers. That is, apart from Eric Normal. He's just a regular boy with no super powers, but a determination to prove himself and fight the forces of evil – all with the help of his three superhero friends: Changerella, a peace-loving shape-shifter; the Brass Butt, a not so clever but super strong boy who uses his powerful, shiny brass bottom to battle evil; and Buzz Girl, a sarcastic, four-armed girl with insect-world powers but a weakness for porch lights.
